## Effective October 1<sup>st</sup> 2007 Wind Speeds Increased In Putnam County

Due to adoption of the 2004 Florida Building Code and subsequent revisions, the wind speeds within the established Putnam County boundaries are to be increased in order to conform to recent direction from the State of Florida Building Commission. The new wind speeds established along the existing boundary line will now be 110 MPH west of the dividing line and 120 MPH east of the dividing line.

Plans designed after October 1<sup>st</sup> 2007 must meet the new wind speed standards. Plans designed prior to October 1<sup>st</sup> 2007 submitted to the department under the current wind speeds standard will be accepted until the January 1<sup>st</sup> 2008 dead line.

For additional information you may call 329-0307 or visit our web site at <http://www1.putnam-fl.com/live/bldg.asp>
